(a) The Town Manager shall provide for the installation and repair of parking meters or kiosks, curb or street marking lines, and lines on the off-street parking areas, in the areas designated in this article as parking meter zones. The Town Manager shall have charge of the regulation and operation thereof and shall ensure the maintenance of such meters in good workable condition.

Section 4. Location and construction generally.

In on-street parking meter zones, parking meters or kiosks shall be placed upon the curb, next to or reasonably close to the individual parking places. Parking meters or kiosks shall be placed on the various off-street parking areas, as shown on the plans on file with the Town Clerk. All such meters or kiosks shall be so constructed as to display a signal or issue a display or notification showing legal parking, upon the deposit of proper payment indicated by the instructions on the meters.

Whenever any vehicle shall be parked in a metered area, the operator of the vehicle shall park within the area designated by the curb or street marking lines as indicated for angle or parallel parking. In off-street parking areas, the vehicle shall be parked within the lines indicating the parking space.

Section 8. Deposit of payment required; overtime parking; exemption.

(a) When a vehicle is parked in a parking space for which a parking meter or kiosk has been installed under this article, the driver shall, upon entering the parking space, immediately deposit, in the meter or kiosk, appropriate payment as indicated by the instructions on the meter or kiosk. It shall be unlawful for any person to fail or neglect to deposit such payment. Upon such deposit, the parking space may then be used by such vehicle during the time prescribed in this article according to the sum thus deposited. The vehicle shall be unlawfully parked if it shall remain in such space beyond the period of time which the driver shall have deposited such payment in the meter or kiosk. It shall be the duty of the Police Chief to issue citations for all vehicles whose operators violate the provisions of this article and to cause to be imposed the penalties provided in Chapter 1, Section 3. Schedule of Fines.

Explanation: The Town has never had a paid parking program. This simple first step is aimed at providing paid parking options to visitors to Bridgewater State University, and would not be used in Central Square or other side streets used by residents. Revenues earned by the program would be used to make infrastructure improvements to the downtown areas such as sidewalks, Complete Streets improvements, bicycle lanes, pedestrian improvements, etc. Revenues could also be used to finance engineering for road improvements, handicapped accessibility, etc. Rough estimates show the program could raise up to $275,000 annually.
