Re: "The Samuel Edson Lawbook"

I have reviewed the notes submitted to the Historical Commission concerning the preservation and digitization of portions of the "Samuel Edson Lawbook". It is rare when such a significant book comes to light and we are given the chance to bring it home. His personal notations concerning the forensic investigations into the passing of native Americans provide us with a link to the early life of colonial Bridgewater.

The fact that we can get those personal notations digitized doubles the significance of this opportunity. It will not just be a delicate "museum piece" sitting on the shelf or in a locked case. The digitization will enable all to closely examine the writings for future interpretation of the early lives in the colony. Hopefully, it will stimulate interest in the little-known lives of the native peoples following the social turmoil suffered by the native population prior to the American Revolution.

Hopefully, the digitization will also be available to the local university through the Bridgewater Public Library archives facilitating more research on the subject and further broadening our knowledge of early Bridgewater history. With this in mind, the Bridgewater Historical Commission strongly supports the efforts of the use of CPC funding to acquire and preserve this very significant but little-known segment of Bridgewater's history.

Sincerely

Subject: Declaration of historic significance in Bridgewater for a circa 1745 Samuel Edson Book

Greetings David,

The CPC is in possession of Samuel Edson's 1735 law book. The book is currently undergoing evaluation for preservation/restoration at NEDCC. We anticipate receiving restoration cost estimates in the next couple of weeks. The book does not appear to be an "official Town record" but records the work of a citizen. The book includes a copy of the "*Acts and Laws of His Majesties Province of the Massachusetts-Bay New England*" (1726 printing; digital copies are available online) and handwritten information of Edson's 18th century work as coroner in Bridgewater. Samuel Edson was born in Bridgewater on 14 January 1690 and died 27 December 1771 also in Bridgewater. He donated the land for Trinity Church and is interred in its 1763 cemetery on Main St. north of the High and Center St. intersection.

As explained below, the CPC needs the Historical Commission's determination of the book's historical significance in Bridgewater to ensure its eligibility for preservation/restoration with CPA funds. Unfortunately, we do not have the history of its ownership over time, just the book itself and the author's connection to Bridgewater. The names of 18th century Bridgewater inhabitants are included in the book and Samuel's birth and death in Bridgewater verify his Bridgewater connection. To assist the Commission's deliberations, I have attached images of selected book pages.

Background: An October 31, 2008, DOR letter responded to the following request from the City of Waltham, "*You asked whether monies in the Waltham Community Preservation Fund may be expended for purposes of record retention. You indicated that you intend to have document scanning work performed with respect to vital records, records of City Council matters, and other filings in the Clerk's Office. You inquire as to "what age the record needs to be to qualify under the Community Preservation requirements."*

The DOR letter clarifies eligibility for CPA funds to restore documents and digitize records subject to the State's legal retention law as follows "*To be eligible for community preservation expenditures, the records in question must have been "determined by the local historic preservation commission to be significant in the history, archeology, architecture, or culture" of Waltham. G.L. c. 44B, §2.*" Digitization is not considered historic preservation but may be incidental to it.

The key point from DOR's letter makes it clear that CPA funds can be used to restore and preserve documents such as this 1735 Edson Book **if it is declared significant in the history and culture of Bridgewater**. We believe the records written in the book, which record a coroner's investigative activities including the death of three Indigenous people are significant in Bridgewater, hence our request.

There is limited information regarding the book's history from the individual who mailed the book to the CPC at our request. Unfortunately, his information source passed away before he could complete research on the book's provenance.

Sincerely,

Carlton D. Hunt, Ph.D.
Vice Chair

Re: Parthenon Frieze Project – Additional Funding Request

Dear Chair of the Community Preservation Committee:

As you know, due to the additional expenses incurred to reinforce the upper walls to properly furnish and mount the restored friezes, we are expected to run a deficit of \$4,600 for the restoration and mounting of the six Parthenon Frieze Replications.

To that end, I request that the Community Preservation Committee recommend funding an additional \$4,600 to ensure that we can cover this deficit and complete the project.

As always, I thank the committee members for your diligent efforts on behalf of the residents of Bridgewater.

Sincerely,
